

CITY IS QUIET

WHAT TO DO WITH SULTAN IS NOW QUESTION

That Will Have to be Decided at Meeting of Parliament.

SCHEFKEL PASHA IS MAN OF HOUR

Committee of Union and Progress Want Him for Leader

But He Refuses Because He is at Head of Investing Army.

Constantinople, April 26.—The city is quiet this morning and is gradually resuming a normal aspect. The declaration of martial law yesterday and the fact that the constitutionalists are in full control of the city for the maintenance of order. The question of what is to be done to the sultan, in all probability will be determined by parliament.

Scheffel Pasha, commander of the constitutional army, is the man of the hour. The leading civilian members of the committee of union and progress desire him to be grand vizier in succession to Tewfik Pasha. He has been assured that a majority of parliament would gladly support a ministry under his leadership in succession to the Tewfik ministry which resigned today.

In reply to these proposals Scheffel Pasha said that the premiership afforded such a splendid opportunity to assist in the political development of the country that he would have rejoiced to accept the honor had it come to him under any other circumstances, but he could not accept it while still leader of the army. To do so would not accord with his ideas of civil and political liberty.

Scheffel Pasha is an Arab. He has lived for eleven years in Europe and received his military training in Germany.

A court martial today sentenced five men to death and they will be shot this afternoon. A major of the 10th regiment of the imperial palace of Yildiz has confessed that he was paid \$500 to act with the palace conspirators.

The feeling among the members of parliament against the sultan remains on the throne is strong. Mehmed Rescham Effendi, the sultan's brother, is the favorite candidate for the succession.

The sultan's military leaders have refused to act as though there had been no interruption to the parliamentary system. They will support the sultan precisely as before the outbreak on April 13, the day of the military outbreak on the part of the local garrison.

There will be a public session of parliament this afternoon in the chamber of justice.

Constantinople, April 26.—Conspirators experienced last night the effects of the state of siege declared yesterday. No one was allowed on the streets after 8 o'clock in the evening, and the carrying of arms by civilians as well as the publication of news likely to create disturbance is strictly prohibited.

For arrests of reactionaries and those who students continue, and it is estimated that up to last night some 200 persons had been apprehended.

The last burials of the men who died in the fighting of Saturday took place last night. The dead numbered 100, and the men in hospitals numbered the total of 500. Five hundred bodies of prisoners marched to the sultan's headquarters this morning on their way to camp in the country. They were in good condition, but were smoking cigarettes and chatting. A few prisoners have been shot in attempting to escape. An artist who was painting a portrait of Scheffel Pasha at his headquarters was knocked down by a soldier in the Constitutional regiment. The soldier was taken away by his comrades, but he talked up an explanation of his act. That same killed four officers. The men suspected of involvement in the mutiny of April 13th have been separated from the main bodies of prisoners and will be tried by court martial.

It was rumored today that prisoners being shot in the country beyond the Sweet Waters, but definite news was obtained at Scheffel Pasha's headquarters that no execution had been carried out, although a considerable number was probable.

MRS. GUINNESS

Outrained by Mother and Her Three Daughters.

St. Petersburg, April 26.—A band of female cut-throats who for many months past have been committing with impunity a series of brutal murders, was discovered and arrested yesterday in the village of Kurchino, 20 miles from St. Petersburg. The principal culprits are a mother and her two daughters, who kept a tavern. Annotated by other women in the village they murdered travelers who stopped at the inn, disfigured the bodies and threw them into a rapidly flowing stream that passed near the inn. Many of these corpses were found but at such a great distance from the village that suspicion did not at first center there.

squad within a close range and we are waiting only the arrival of artillery before making a final demand for surrender. If this is refused we must attack.

The men referred to were behind a series of long terraced walls between 300 and 400 yards from the Albanian barracks. Their cartridge belts were full. As the officer was speaking a number of Macedonian volunteers, mostly men of independent position, were arriving on the scene in cabs and carriages to have a share in the final engagement.

The Scutari artillery barracks, which yesterday threatened to honor Constantinople, were fully evacuated during the night. The men who were in the barracks are prisoners and camped last night in an adjacent grave yard.

Constantinople, April 26.—Tewfik Pasha, the grand vizier, this morning transmitted to the sultan the resignation of the entire cabinet and communicated this fact to parliament.

PROMINENT CHICAGO

Hebrews Object to the Calling of the Jews a Race.

UTAH SENATOR THE CHAMPION

Dr. Hirsch Suggests Doubt About There Being a Jewish People.

Chicago, April 26.—Prominent Chicago Jews have endorsed the stand taken by Senator Guggenheim of Colorado, who demands that the immigration commission cease to classify the Jews as a race. Senator Guggenheim made his objections at a meeting of the senate census committee, following the request of W. W. Bushland, secretary of the immigration commission, that the census be so conducted that, in addition to ascertaining the nationality of residents of the United States the enumerators should also classify them as a race.

"The Jew is a native of the country in which he is born and a citizen of the country to which he swears allegiance," says Rabbi Schafer. "We are only differentiated from others as respects religious belief."

"The Jew is a native of the country in which he is born," asserts Lessing Rosenthal. "Each has well known characteristics of the country from which he hails."

It is a great question as to whether or there is such a thing as Jewish people," declared Dr. E. G. Hirsch. "Our blood is mixed with that of almost every other nationality."

SEVEN JURORS HAVE BEEN CHOSEN

Flushing, N. Y., April 26.—The work of completing the jury at the trial of Captain Peter C. Hains, Jr., for killing William E. Annis at the Bayview Yacht club last August was resumed before Justice Garretson in the supreme court here today. Seven jurors had been selected out of 348 talesmen examined during the five days of court last week. A new panel of 150 talesmen, together with 40 talesmen of the regular court panel were on hand today. It is expected that several days will be required to fill the jury box.

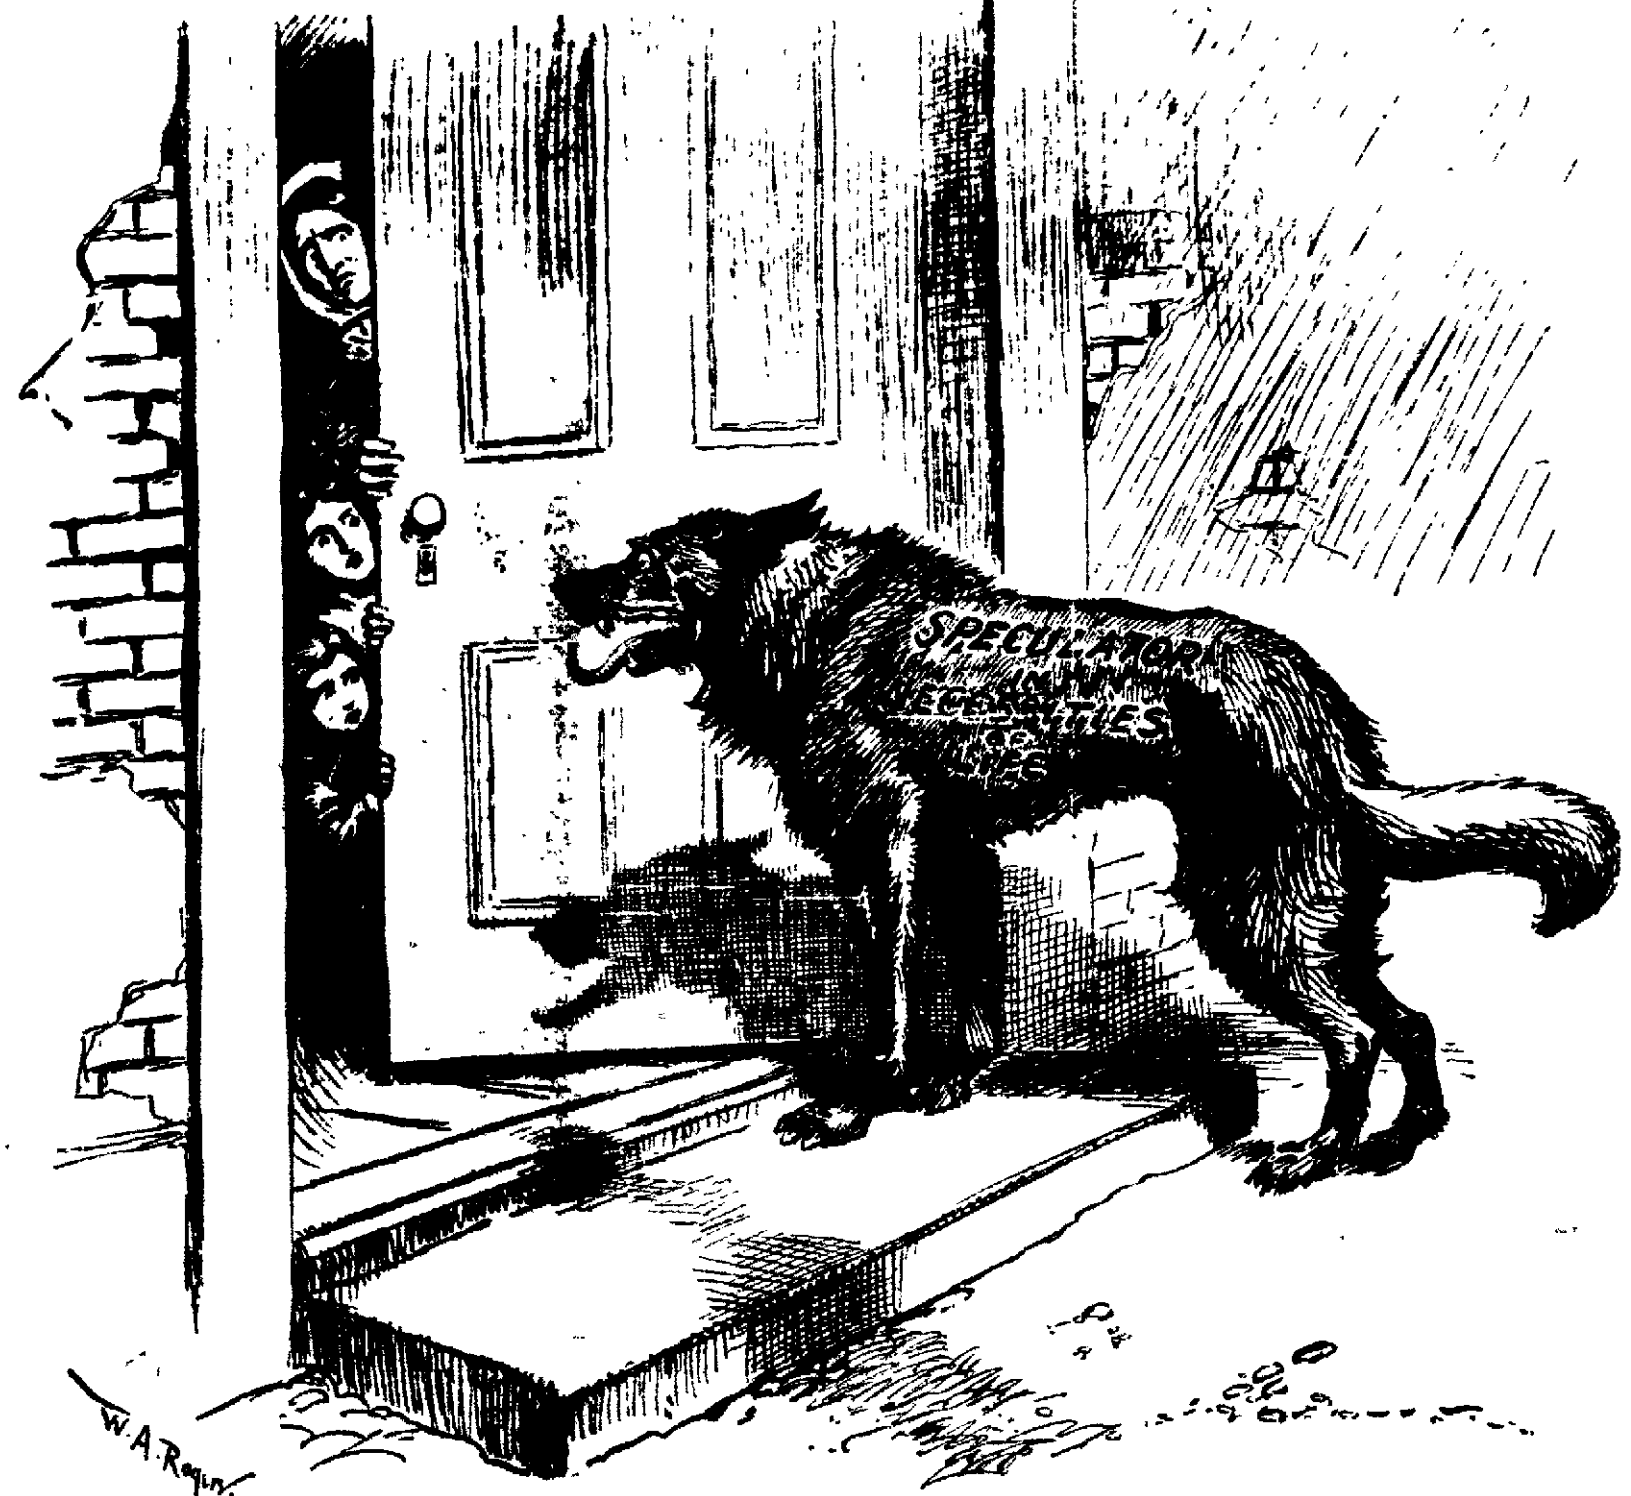

GOING VISITING

Washington, April 26.—Most of May will be spent in the new battleship Mississippi visiting ports on the Mississippi river which will extend north as far as Natchez, according to the itinerary made public today. The ship will leave Guantanamo about May 1, reaching New Orleans May 6 and reach Natchez May 21.

WRIGHTS Will Make No Flights at State Fair

Columbus, April 26.—The people of the Buckeye state will not have an opportunity of witnessing an aeroplane flight by the Wright brothers this year. Secretary Sandles, of the state board of agriculture, which hoped to persuade the Wrights to accept a contract to appear at a state fair, received a letter from Lorain Wright, a brother of the famous inventors, today stating that his brothers would not all any engagement in this country this year. They will carry out their contract with the United States government at Fort Meyer.

THE WOLF AT THE DOOR.

CHICAGO GIRLS

PRETTY AND WELL TO DO IN MARKET FOR MATES,

And Each Wants Man Who Will Agree to be the Real Boss.

NOT NECESSARY THAT APPLICANT

Be Handsome, Wealthy or a Sweller Dresser to Satisfy

But He Must be Capable of Supplying With Real Love.

Chicago April 26.—More than 100 Chicago girls, pretty and fairly well-to-do, want husband—that is, if they can find the right ones. The responses of these young women, describing their ideal man was read last night at the Halsted Street Institutional church by Rev. N. R. D. Vaughn, during the course of a sermon on "The Model Husband."

A majority of the young women writers surprised the pastor and audience by stating positively that they wanted their husband to be the real boss. They also declared it was not necessary that he be handsome, wealthy, talented, or a "swell dresser." But it was insisted in every case that he be a man who was capable of real love. The word "love" was underscored in most of the letters. The feminine candidates were practically agreed that their future "better halves" must be "good hearted, kind and affectionate." Business or professional men were not preferred by most, but "clean, honest men who make clean money" were desired.

CHILDREN DEAD FROM COAL GAS.

New York, April 26.—Two little children are dead and a third child and two adults in a critical condition from the effects of inhaling coal gas in a tenement house on Avenue A today. The dead are Anna Selska, 3 years old, her sister Emily, one year, Mr. and Mrs. John Selska, the dead children's parents, and another child, Joseph, were overcome by the fumes and taken unconscious to a hospital. The family occupied rooms on the ground floor.

WITHIN

Meeting of the Board of Lions on the Cape Ranch. Nairobi, British East Africa, April 26.—Theodore Roosevelt left Kapti plains yesterday and went to the ranch of Mr. Alfred Pense, on the Albi river. Manor Meaurio, Edward Heller and J. Alden Loring, members of the party, went over to Sir Alfred's this morning. Geo. McMillen and F. C. Selous are going to Matchkos via the Peace ranch on Wednesday. Lions are reported numerous on Mr. McMillen's Ju Ja ranch and there is a herd of 150 buffaloes on Mr. Wheatley's ranch where Mr. Roosevelt will hunt.

MOTLEY ASSEMBLAGE

Of Poisonous Snakes Taken to Europe by Curator of Zoo.

THESE HE WILL BARTER AWAY TO

Other Countries for Specimen's Not Grown in This Country.

New York April 26.—Raymond L. Dittmars, curator of the reptile house at the Bronx Zoo, will start for Europe on May 3, with several crates of poisonous American snakes and a number of surplus animals which have found birth in the Zoo. He will trade these to the zoological gardens in England, Germany, France and other countries for the snakes and animals which the Bronx Zoo desires. In specially constructed crates he will take a dozen diamond rattlers, a dozen coral snakes, several lance head vipers from South America, a dozen moccasins and a few other deadly reptiles. In exchange for these Dittmars will bring back specimens of the cobra, asp and other deadly snakes which are to be sent to the east. The snakes and small animals of the Bronx Zoo have been multiplying so rapidly that it has been found advantageous to trade them abroad for specimens not represented here.

ASSISTANT P. M. SHOT AND KILLED.

Vladosta, Ga., April 26.—Clifford Viadosta, assistant postmaster at Lennox, was shot and killed today by a negro burglar who had robbed the postoffice, two stores and a bank. Rutherford went to the depot waiting room to help arrest the burglar. He struck a match to look into the room when a negro inside fired twice both bullets entering Rutherford's head.

AUTOCARNIVAL

STARTED OFF WITH A HILL CLIMB AT FT. GEORGE.

All Types of Machines are Included in Array of Entries.

WEDNESDAY WILL BE SOUVENIR DAY

While Thursday Will be Devoted to Military Maneuvers.

Two Thousand Dollars in Prizes Up for Parade on Saturday.

New York April 26.—The annual automobile carnival opens in earnest today with a hill climb at Fort George in which ten events are scheduled. While most of the competitions are for gasoline vehicles, electric, steamers and all types have been provided for. Contestants will be drawn from several nearby states. The other principal road event of the week has been set for Tuesday afternoon at Jamaica Island.

Wednesday will be souvenir day. Thursday is to bring a touch of mimic warfare in the military evolutions that are to be performed by automobiles. A lot of cars will be drafted to show how rapidly mitigation can be gathered and transported by automobile in case of riot or disaster. On Friday a "one gallon test" as it is called will be held over a New York suburb road. The minor conditions will be kept a secret until just before the contest starts. The Saturday parade for which \$2.00 is offered in prizes will be the most popular event of the six days and is calculated to end the week with a snap. While grotesque cars will be conspicuous a special attempt is to be made in the commercial division of the parade. In the historic section early auto models will be an interesting feature. A smoker and a dinner will be among the evening diversions.

MARSHAL ORDERS BOXING STOPPED.

Terre Haute, Ind., April 26.—Governor Marshall has written to Prosecuting Attorneys in counties where boxing exhibitions have been given and ordered that they must be stopped. The governor also makes public his purpose to call on the attorney general to act when the county prosecuting attorney fails.

WASHED

Rats Away and Then Put Out the Fire.

New York, April 26.—The firemen who were called to fight a blaze in a junk shop in 111th street last night were attacked by hundreds of large rats. So vicious was the onslaught of the rats as they climbed the legs of the firemen and bit their hands and ran up over their shoulders and helmets that the firemen turned the streams of water from the fire onto the pests. After the rats had been washed away by the terrific force of the stream, the fire was extinguished.

ROOF COLLAPSED; NINE ARE DEAD.

Madrid, April 26.—The roof of the cathedral at Torbes, in Lugo province collapsed today while mass was being celebrated inside the building. Nine persons were killed and thirty were wounded.

PURCHASES TOWN; REALIZES DREAM.

Escanaba, Mich., April 26.—Joseph Perrow, an Escanaba man who closed a village where he becomes owner of the village of Northland in Marquette county. He bought 25 dwellings and two stores, all the buildings in the place. Perrow's rapid rise from poverty to influence reads like a fairy tale. Ten years ago he worked in an upper Michigan woods as a lumber jack. He saved his money and now his dream to own a town is a reality. The name of the village will be changed to Perrow.

IMPERIAL CROP REPORT IS BAD.

Berlin, April 26.—The imperial crop report for April fifteen shows the condition of wheat and rye to be considerably worse this year than for the corresponding period of 1908. The dry autumn and the severe winter are assigned as the cause, but the recent warm weather with satisfactory rain fall has improved prospects.

KANSAS CITY HAS BAD FIRE.

Kansas City, Mo., April 26.—Fire which for a time threatened buildings in the heart of Kansas City's business district early today resulted in the total destruction of the Ridge building, a four story brick and stone structure. The total loss is estimated at \$200,000. The insurance is said to cover considerably more than half of all the losses.

SHORE LEAVE DENIED SAILORS.

Salt Sea Marie, April 26.—Captains of the fleets held here by the ice blockades have adopted an unique plan to prevent desertions by members of the crews or attempts of malcontents to cause trouble. Instead of tying up at the wharves the boats are tied up in the middle of the river, and no sailors are given shore leave.

SULTAN IS TO

BE ALLOWED TO STAY ON THRONE UPON CONDITIONS.

The Walls of Yildiz Are to be Razed, Also the Barracks.

HE MUST ALSO HAND OUT FROM

His Private Fortune One Hundred and Twenty Five Millions

To be Used for a Financial Regeneration of the Whole Country.

Berlin, April 26.—The correspondent of the Lokal Anzeiger telegraphs that he learns that the sultan of Turkey will be allowed to remain upon the throne, but on condition that he give guarantees against a relapse to absolutism. The conditions are as follows:

The walls of the Yildiz palace to be razed; the barracks at Yildiz quartering about 20,000 men under the immediate orders of the sultan, also are to be razed; in the future there will be stationed at the palace a guard of 100 men to be changed daily and supplied from the different regiment of the garrison alternately in order to make it impossible for the sultan to bribe them; the sultan must pay the expenses of the expedition from Saloniki from his private fortune, and furthermore the sultan, whose property is largely invested abroad must make a gift to the nation of \$125,000,000 as the basis of the financial regeneration of the empire.

The correspondent sends also an interview with Enver Bey, one of the military leaders of the Constitutionalists, who said:

"Our satisfaction with our victory is overclouded by the loss we have sustained. About 100 men have fallen, including eight officers."

"After fighting for hours we reached the long desired goal. Yildiz garrison gave up its arms voluntarily. We have decided to leave these troops at their posts as they are now perfectly harmless. There will be no further disturbances as we are masters of the situation."

Asked what would be done with the sultan Enver Bey replied:

"That does not concern us soldiers, but now that our work is done the government must conduct negotiations with him. We are wholly at the disposal of the government and will follow its directions. I am convinced that everything will be moving normally within two or three weeks."

WEEK WILL SEE DIFFERENCES FIXED

Scranton, Pa., April 26.—With the hope of coming to a final agreement this week the executive boards of the three anthracite districts of the United Mine Workers went into secret session here at 10 a. m. today to consider the latest proposition for settlement the difference now existing between the mine workers and the operators. The boards will act upon the propositions today and they will be placed before the convention of miners which will meet here tomorrow afternoon. While there is still some difference of opinion among some of the leaders in the anthracite regions as to what is best to do, the opinion is practically unanimous that this week will see the end of the controversy.

NEW SCHEME TO RAISE WIND.

Washington, April 27.—Mr. Overman, (North Carolina) offered an amendment to the tariff bill in the senate today by which he proposed to place a head tax of twelve dollars on each immigrant coming into the United States. Mr. Overman proceeded to discuss his amendment by declaring that it was in the interest of revenue and a protection to American labor. "It means not only revenue for the treasury," he said, "but also a restriction of immigrants and also a select class therefore it will protect labor."

SENORA

Castro Says (Cipriano) Will Return to Venezuela Some Day. Port of Spain, April 26.—President Gomez has turned over the presidency of Venezuela temporarily to Vice-President Velutini, and together with General Boland and Hernandez, has gone to Maracay for a brief sojourn. Senora Castro, wife of the deceased president of the republic, on her way back to Knap, to join her husband, called at La Guaira yesterday on the steamer Guadalupe. Her traveling companions went ashore at her request. Senora Castro is still indignant at the treatment accorded her husband at Maracay and said she would remain in Venezuela some day, but with no intention of deserting the republic.

# VAN WERT SHUT OUT

By Cigarmakers in Slow  
Contest at San Felipe  
Park Sunday.

## FOUR PITCHERS WORKED FOR LOCALS

Day Was Cloudy but Fohl  
and Men Opened Bat-  
ting Eye.

About seven hundred fans braved the threatening weather Sunday afternoon and journeyed to San Felipe park to see Captain Fohl and his Cigarmakers score a shutout against the independent team from Van Wert. The contest was called at 2:45 o'clock owing to the prospects of a shower and after retiring the visitors with two men on bases, the locals started the ruffest by scoring three in the first. Pickett worked the first four innings in good shape when Kaler was substituted for the next three and Pennypacker and Taylor for one inning each.

Realizing that the locals had the best of the game, Capt. Fohl took the opportunity to let the pitching staff get a workout. The game in detail:

First inning—Plummer reached first on a wild throw by Weller. Suttles sacrificed. Taylor walked. Tanner sent out to Foutz and Hyatte popped out to Farrow. No runs.

Second inning—Myers hit for three bases, scoring Pickett and Fohl. Fohl hit for two bases scoring Sykes and Foutz. Weller hit for two bases scoring Fohl and was retired at third later, after Farrow drew a pass. Three runs.

Third inning—Myers hit for three bases. Burke drew out to Farrow. Merkle was retired on a grounder. Weller to Sykes. Wentz popped out to Sykes. No runs.

Fourth inning—Pickett drew a pass. Fohl reached first on a fielder's choice and Pickett landed on second on Merkle's error. Newnam flew out to Suttles. Sykes knocked Fohl out to Suttles. Sykes scored and Fohl hit for three bases and scored on a single by Fohl. Weller singled. Farrow was retired on a grounder. Suttles to Tanner. Four runs.

Fifth inning—Plummer hit safe to second and was doubled out on a grounder by Suttles. Newnam hit safe to left. Tanner was caught on a bunt. Fohl to Sykes. No runs.

Sixth inning—Myers hit for three bases and scored on Fohl's sacrifice to the outfield. Weller flew out to Burke. One run.

Seventh inning—Plummer singled to left. Suttles flew out to Farrow. Taylor walked. Tanner sacrificed. Hyatte grounded out. Weller to Sykes. No runs.

Eighth inning—Plummer hit safe to center and was caught stealing second. Fohl retired on a grounder. Farrow to Sykes. Myers landed safe on Weller's error. Burke fanned. No runs.

Ninth inning—Merkle flew out to Newnam. Wentz was retired. Taylor to Sykes. Plummer closed the contest in the same manner. No runs.

## HIGH SCHOOL LADS In Cincinnati Will Test the Anti-Frat Law.

At the meeting of the Cincinnati Board of High Schools Saturday, a communication was received from attorneys representing the Delta Beta fraternity of the High school of the city, stating that the fraternity had met at the home of one of its members and held a secret session. The students reported the meeting themselves to the superintendent, who made a report to the board. This was done for the purpose of testing the constitutionality of the law which forbids High School pupils joining or forming a secret fraternity.

It is understood that High schools in other cities of the state where "frat" societies have been organized will be asked to co-operate with the Cincinnati members of such organizations in bringing the question before the courts, if necessary.

One hundred delegates of the Phi Sigma Chi fraternity in convention in Columbus, Friday, some of them in knee pants, spoke of the Ohio legislature as composed of "a lot of brainless Reubens", and declared it was nobody's business who attended the fraternity sessions.

## DOPE SCRIBBLER Says \$7,500 Will Win the World's Championship.

High Fullerton, the Chicago scribbler of scientific base ball, who gained lasting fame by correctly forecasting the Sox-Cubs series for the world's championship, has doped it out that it would cost the Chicago Cubs just \$7,500 to clinch the pennant. Fullerton figures it this way:

Pay Johnny Kling \$1,500 extra.  
Pay Johnny Evers \$3,000 extra.  
Pay Mordecai Brown \$2,000 extra.  
Pay Orval Overall \$1,500 extra.  
Total \$7,500, which would bring King and Evers into the fold at once and make Overall and Brown work so hard that the fight for the flag would be nothing more than a merry gambol for the Cubs—at least, that's the way Fullerton sizes it up.

But how about Joe Tinker, and Jimmy Sheekard, and Arthur Hoffman, and Frank Schulte, and Jack Pfeister, and the rest of 'em? Would they trail along with the subsidized athletes and feel like putting as much energy into the game as they would display did they know that the monthly emoluments were being equitably distributed? Would they be able to rouse, under such conditions, that pride and ambition that cut out a big figure in a winning combination? Surely, no.

And what effect would this have upon base ball in general? Oh, nothing. "I would only turn every good, honest, hard-working tosser of the hide-covered sphere into a diamond 'Dick Turpin'." Every player that had it in him would be there with the sandbag for the magnate and every time things looked a trifle bright, down would come the coin-puncher in the shape of a somewhat like this threat: "If you don't hand over \$200 quick I'll play rotten ball for you and put you out of the running."

Easiest thing in the world to figure that it would cost only \$7,500 in visible cash to clinch the pennant. But that that \$7,500 would do in the way of demoralizing ball players and the game in general is too shocking to contemplate.

Taken as directed, it becomes the greatest curative agent for the relief of unfettering humanity ever devised. It's Hollister's Rocky Mountain Tea, the surest remedy. 35c. tea or tablets. H. F. Vorkamp, druggist.

# S.S.S. CURES S.S.S. OLD SORES

If an old sore existed simply because the flesh was diseased at that particular spot, it would be an easy matter to apply some remedy directly to the place that would kill the germ; or the diseased flesh might be removed by a surgical operation and a cure effected. But the very fact that old sores recur every form of local or external treatment, and even after being cut away, shows that back of them is a morbid condition of the blood, the ulcer remains an open cesspool for the deposit of impurities which the circulation throws off. S. S. S. cures Old Sores by purifying the blood. It removes every trace of impurity and taint from the circulation, and thus completely does away with the cause. When the blood is cleansed the blood, the sore begins to heal, and it is not a long time before the healing process begins at the bottom; soon the discolored, scabbed, and festering sores, and the place fills with firm, healthy tissue. Old sores, itching and sore, and the system is purified, and the skin is healthy and the old sores will be completely healed by the use. ## SKIN DISEASES. THEIR CAUSE AND EFFECT.

We not infrequently hear persons afflicted with skin diseases, especially with Eczema, Psoriasis, and Rheumatism, etc., say they have expended from time to time in doctors, pills and remedies, and invariably the treatment has been external, an ointment or a lotion. No consideration of attention was paid to the blood—the source from which the skin derives nourishment. In answer to the question "Did you derive any benefit from such treatment?" "Oh, yes, it cured the disease for a month or two and then it broke out worse than ever." The reason of this should be readily understood by any intelligent person, and is the difference between cause and effect. Had the disease been attacked in the blood, which is the cause of these skin and blood diseases, these sufferers would have had a different story to tell. Dr. Taylor's Remedy eliminates the poison from the blood—removes the cause—and the effect of this poison readily disappears from the surface of the skin. Guaranteed to cure. ## DO YOU HAPPEN TO SEE IT THIS WAY?

Heck, of the Chicago Tribune who has the sporting situation sized up about as properly as any other sporting writer in the country, arises to remark:

"Having exhausted all the possibilities of hiding out on himself and spinning himself slipping on the spiny lay, James J. Jeffries now announces his belated willingness to assume the white man's burden and break a lance with Jack Johnson in defense of the honor of the race that goes unpolished of color."

Jeffries was content to snoop in his Los Angeles drum while a man he could have put away with a puff of cigarette smoke was establishing himself in the position of world's champion. If by some mischance Tommy Burns, who is not and never was, had put out this Johnson you would have heard no more of Jeffries except as a ringier up of dimes and nickies, but as it fell the other way, Jeffries had to fall for the importance of whitewash managers who exploited him as the human enigma and as the only possible, feasible, logical Moses of the white race.

"We have had Jeffries in that role for six months, much to the profit of himself and the profit of the promoters who yanked him out of his shell of retirement."

"Now he is yanked out of his hell of reticence and instructed to declare that he will be willing and ready to fight Johnson six months hence."

"Hurray! Great things! Achilles has ceased to snail and is about to the fighting harness on. He will now be galloped back over the circuit, this time as a probability and not as a possibility. He has been exhausted as a probability he will be galloped over again as a certainty."

Of course if anything happens to the big smoke in the meantime the authorial person from Los Angeles will retire to his drum again, and will be galloped over the thought that through no risk on his part the championship remains with the white race and in America."

## COMMERCIAL TEAM

Handed Decided Defeat to  
the Lima High School  
Ball Team.

## SEALT SPANISH WELL REPRESENTED

Demonstrated That They  
Have Not Forgotten  
Baseball.

The Commercial Travelers handed a decided defeat to the Lima High School baseball team Saturday at Athletic park, piling up a total of 24 runs, while the boys could not get more than four men across the plate. Manager Dunagan, of the Cigarmakers, witnessed the contest and would like to get some of the material from the Travelers' team. Pitcher Ashton of the High School team, who has made an excellent showing this season, worked against Pandora High Friday and was not in the game, or the result would have been different.

Four of the Sealt boys were in the game for the Travelers, and they all demonstrated that they have not forgotten what they knew about baseball in the past. Roy Sealt played his old position in the left garden and made five runs and five hits out of seven times up. Frank officiated as backstop, and his many friends enjoyed seeing him in the game again, while Mart and Earl were there for their share of the honors. Every one of the Travelers had his batting eye with him and the errors were few.

**THE MARKETS.**

New York, April 26.—The opening dealings in stock today showed good deal of animation and prices were higher with few exceptions. The gains were small, however, and showed notable features. Southern Railway and North American advanced large fractions.

**Wheat Rally.**

Chicago, April 26.—The rally which was generally expected to follow the advance in wheat prices last Saturday materialized in the pit today opening quotations showing gains of 1/4 to 1 1/4 compared with closing figures of the previous sessions. Despite this advance, however, the market displayed no great activity weather conditions in this country being of the condition to force the new crop. The strength at the opening was due to an advance of 1/4 to 2 1/4 at Liverpool and to reports of rain in Indiana which it was said would delay harvesting. Opening quotations on May were at \$1.30 1/2, to \$1.21 and on July \$1.08 1/2, to \$1.08 1/2. Early in the day May sold off to \$1.20 but July held within the opening range.

Opening corn quotations showed gains of 1/4 to 1/2, May being at 68 1/2 to 69 1/2 and July at 67 1/2 to 67 1/2, but the demand was soon satisfied. May standing around 69. July sold at 67.

May oats opened 1/4 to 1/2 higher at 55 1/2 to 55 1/2 and sold off to 55. Provisions opened unchanged to 10 cents lower.

CAREYING THE HIGH PRIEST TO THE TANK FROM THE SPHERE.

PILGRIMS BAITING IN THE TANK.

The great Mahamuktik festival, which is celebrated by Hindus of all castes every twelve years, is held in the sacred city of Kumbhakonam, Madras. The festival lasts ten days, the ceremonies of the last day being more important than all preceding days together.

Before bathing each person utters the Sargala Manthra by calling the day and the star of the day and other combinations of the heavens peculiar to that day. Most of the people wait until the gods go into the sacred waters. This is done by taking a deity to the tank and bathing it with milk, fruit, honey, oil and soap nut.

Many Brahmans are fed by the Hindu men, who generally fast. The women, on the other hand, before bathing offer to the hold maid Panga (dogess of the Ganges) the following—Sorel, tumeric, red powder, flowers, nuts and betel leaves, gold and silver pieces, bangles of dark glass and other gifts. The same are offered also to another goddess.

To sanction the bathing gods from the Sivite temples are taken to the Mahamuktik tank and gods from the Vishnavite temples to the Pottamari tank. The gods are taken in a grand procession, and the religious fervor at this part of the festival is very great. All Gurus and heads of different religious orders go there to sanction their followers bathing in the "holy waters." During the night the gods are taken back to their respective temples, and the people crowd there to make offerings and get themselves absolutely pure from all sins and receive the blessings that great people are said to have obtained in the past.

The order of bathing is first in the Mahamuktik tank, then in the Pottamari tank, and third in the River Kanori. Sivites offer their worship in their temples and Vishnavites in their own temples. The religious blessings obtained are very great and far reaching.

The central figure in the Mahamuktik festival is the High Priest. The upper photograph shows Pandara Sannith being carried to perform the ceremonies before the entry into the tank of 200,000 or more pilgrims. The lower picture shows the Hindus bathing.

## LAST WEEK OF SECOND PERIOD OF TOUR-OF-EUROPE CONTEST.

Renewed Interest is Shown in the Undertaking and Thousands of Ballots Being Issued Daily.—Coupon Clipping Order of the Day. General Public Taking a Hand in the Battle.

Final Closing of Contest Drawing Near and Its Up to You to Get Busy if You Want Your Candidate to Win. Some Changes in the Lists Caused by Saturday's Balloting.

Saturday was a busy day in the contest department of The Times-Democrat. The contest manager was busy answering phone calls and personal calls from the candidates and their friends. This was especially true of the country where it is evident that before this contest is closed, that there is going to be something doing. In each of the towns in the county, outside of the city of Lima, there is a candidate and some towns have two candidates and in each one of these towns different organizations work in evidence, showing that they are determined that their candidate shall win and represent their city on one of the tours. Why should it not be this way for in it there is an honor and a prize and it is an honor to be able to say, after the final result is given and the decision of the judges is reached, that you were a supporter of the candidate from your town.

The time is coming when it will be to late. Your vote may make a friend the winner. How would you feel if the delay on your part should cause her to lose?

Saturday night closes the second period of the great Tour-of-Europe contest, and as this week's special ballots count for more votes than the last two periods will it be up to those interested in their candidates to get real busy.

The order of the day is now to secure new subscriptions as they count for more votes than the old ones do. Candidates can be seen hustling about, receiving subscriptions in most every section of the city as well as the county.

In the last few days numerous runners have been floating around through the city that some of the candidates lower down on the lists would show the leaders plenty of competition before the contest passes into its final days, and the surprising advances made by some of the candidates is surely an indication that such will be the case. Subscription books are now in demand, an indication that some work is being done that will only show up at the close of the contest.

Not the least interesting of the many features of the contest are the many stories circulating through the city and county concerning the respective merits of the candidates and their chances of winning. They are started out generally by the friends of the candidates, who sincerely hope and believe the final outcome will verify their statements. These stories are taken in by the Marconi system, slightly altered, new features added and again started out, only to be again subjected to the same manner of treatment. The stories finally get back to the source from which they started. They have passed beyond all possibility of recognition by the originator, and so it goes.

While a large number of subscriptions have been secured by the candidates and their friends, it must be remembered that the city and surrounding territory is large and full of possibilities, more than sufficient for the efforts of all the candidates and their legions of friends. All the candidates have untold possibilities in the way of subscriptions, which can yet be secured. All have hosts of friends that are more than glad to help them with their subscriptions, and it only remains for the candidates to call for these subscriptions and thus get the votes.

## DOCTOR ADVISED OPERATION

Cared by Lydia E. Pinkham's Vegetable Compound

**Paw Paw, Mich.**—I suffered terribly from female ill, including indigestion and constipation, for several years. My doctor said there was no hope for me but an operation. I began taking Lydia E. Pinkham's Vegetable Compound, and it made me a well woman. I can now say I am a well woman.

**Another Operation Avoided.**  
Chicago, Ill.—"I want women to know what that wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has done for me. Two of the best doctors in Chicago said I would die if I did not have an operation, and I never thought of seeing a well day again. I had a small tumor and female troubles so that I suffered day and night. A friend recommended Lydia E. Pinkham's Vegetable Compound, and it made me a well woman."—Mrs. ALYSSA STELLING, 11 Langdon St., Chicago, Ill.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ill, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It cures but a trifle to try it, and the result has been worth millions to many suffering women.

## GREAT NORTHERN AGREES TO QUIT.

Washington, April 25.—The case of the government against the Great Northern Railroad in which that company was fined \$5,000 for granting rebates on shipments of sugar for the American Sugar Refining Company, was today dismissed by the supreme court of the United States at the instance of the company. The case involved the same points that were involved in the New York Central case recently decided in favor of the government, in which the fine imposed was \$168,000.

It is before the president," says the secretary, "upon a question of administration of the affairs of the census office as a bureau of this department and not upon charges."

## Best Treatment for Colds.

"Most ordinary colds will yield to the simplest treatment," says the Chicago Tribune, "moderate laxatives, hot foot baths, a free perspiration and an avoidance of exposure to cold and wet after treatment." While this treatment is simple it requires considerable trouble, and the one adopting it must remain in doors for a day or two or a fresh cold is almost sure to be contracted, and in many instances pneumonia follows. ## ONE TREASURY

AND ONE MANAGEMENT  
FOR ALL LINES  
OF N. Y. C.

With Capitalization of One Billion Dollars is Last Dream

OF HARRIMAN,  
THE ONE WIZARD.

Corporation Lawyers Ordered to Devise Means for Merger.

Lake Erie and Western Will be Incorporated as Part of It.

New York, April 25.—According to a report circulated in this city E. H. Harriman has instructed leading corporation counsel in this and other cities to devise a means of merging the New York Central lines into one a \$1,000,000,000 corporation with a central management and one treasury. This, it effected, would operate more than 12,000 miles of railroad, including the New York Central, West Shore, Lake Shore and Michigan and Michigan Southern, Cleveland, Cincinnati, Chicago and St. Louis, Pittsburgh and Lake Erie, Lake Erie and Western, Canadian Southern and a number of other lines controlled by or allied with the New York Central. No details are said to have been decided upon yet, but it is understood and proposed to include the "Nickel Plate" line.

## Suits Dismissed.

St. Louis, April 25.—Injunction suits against the Burlington, Chicago & Alton and Kansas City Southern Railroads, to restrain them from enforcing an alleged illegal agreement to restore the three cent passenger rate were dismissed by Judge Williams' court today by Circuit Attorney Jones. Similar suits against fifteen other roads were not taken up owing to Federal Judge Phillips' injunction against Governor Hadley and Circuit Attorney Jones.

President Brown of the New York Central, said he was hopeful of bringing about a merger of all the roads in the Lake Shore system.

Now I can attend to business every day. It's a wonderful medicine." Infallible for stomach, liver, kidneys, blood and nerves. 50c at H. F. Vorkamp's drug store.

## SUNFLOWER PHILOSOPHY.

Every one is skeptical about ghosts—in the day time. If you are bound to put off something until tomorrow, put off something until tomorrow. Some good people keep the memory of a man's wrongdoing fresh by reminding people ever so often that he should be forgiven.

There is always something to worry about. How are the women to keep their crowns on straight in heaven, with no hat pins or false hair to hold them?

We heard a farmer say today: "There is never enough rain to make wheat where there ain't any." And that's a wise remark. Nothing is coming to you that you do not start and look after.

Speaking of the influence of mind over matter. When a man sits down to read after supper it is with the hope that the door bell won't ring, and his wife takes her rocker with the hope that it will.

Plans and specifications for the ideal husband change. The ideal husband at this season sneaks the hair combs out of his wife's top bureau drawer and has them made into 19 puffs, three switches and four rolls for her as a surprise.

"We know a certain man who is always being treated unjustly. And it is never his fault. He is fair with everybody, he says, but every day—almost every hour, in fact—some one plays him a mean trick. But it is never his fault. All of you know men of that sort—Acheson (Karl) Globe.

## TAKING THOUGHT.

The daughters of a certain charming old lady in Washington are frequently much upset by the odd social blunders of their parent, whose failings in this respect are, however, more than offset by her kindness of manner.

Among the callers to the house of this family was a Mrs. Farrell, who, after some years of widowhood, again married, this time becoming the wife of Mr. Meggs.

"If you love us, mother," said one of the girls, when the newly married lady's card had been brought in one afternoon shortly after the completion of the honeymoon, "don't make the mistake of calling her Mrs. Farrell."

The mother solemnly promised to commit no faux pas, and as she went downstairs was heard to repeat to herself, "Meggs, Meggs, Meggs—not Farrell."

At the conclusion of the call the old lady was met at the head of the stairs by the daughter, who at once observed an ominous expression of dependency on the old lady's face.

"Oh, mother," she exclaimed,

## A CORRECTION.

Many people in this city believe that I have purchased this store, and I wish to correct this impression. I could not afford to sell goods at the prices now prevailing in this store, nor could any other merchant.

The Feltz Bros. Dry Goods Company is going out of business, and I am in charge of the closing out sale, at the request of the stockholders. Marking down prices to cost, and in some cases less than cost, and advertising that fact seems to be the correct way to close out the stock if one may judge from the crowds that have thronged this store and the amount of goods sold every day since his sale began. As a matter of fact, every yard of goods and every article of merchandise in this store has been marked down. Note a few of the reductions.

Ladies' Tailor Made Suits that were \$10, reduced to \$7; \$15 suits are now \$9.50.

"surely you didn't—" "No, Clara," replied the mother, emphatically. "I didn't. I was so careful to call her Mrs. Meggs all the time."

"Well, what's the trouble, then?" "Oh, dear!" murmured the kindly old lady, as she sank into a chair. "It was awful of me, I know! When I greeted her I said, 'I am glad to see you, Mrs. Meggs. How is Mr. Farrell?'—Harper's Weekly.

## IT'S DIFFERENT SOME PLACES.

This story is told of the late Robert McKurt, who for many years was the leading citizen of Williams Bridge, when was a New York suburb.

At the time of annexation Mr. McKurt was treasurer of the town and ex-officio treasurer of the sewer fund. The comptroller of greater New York sent the police to Williams Bridge to get the funds, but Mr. McKurt was at Hot Springs, Ark., at the time, and there was no record of the \$176,000 he held in his custody. When he came back to the city a few months later, he went to the comptroller's office one day, and handed to Comptroller Fitch a draft for \$176,000. Comptroller Fitch was greatly surprised, because, he said, he had found no record of so much money being in the Williams Bridge treasury.

"I can take the money," said he, "but I cannot discharge your bondsman."

Mr. McKurt replied that he had never been required to give a bond. "That's strange," replied the comptroller. "They make me put up bonds aggregating nearly \$1,000,000 here in the city."

"Well," replied the grocer, "we elect only honest men in Westchester county, and we do not require any security from them."—New York Sun.

## Saving Himself.

The owner of an estate had the misfortune to get a charge of shot in his leg from the double barreled gun of an inexperienced sportsman. The keeper hastened to his master. "You're not dead, are you?" he cried. "Of course I am not, you fool!" said the squire, rising. "Well, sir, not seeing you get up after you were shot, I thought you must be dead!" remarked the keeper. "Get up after I was shot—not I!" responded the squire. "If I had got up, the shot would have given me his other barrel!"—London Scraps.

## Very Thick.

"I wonder why Damon and Pythias were such great friends!" queried the young lady who writes type between meals.

"They were like a couple of girl chums, I guess," rejoined the bachelor with the ingrowing hair. "Got so thick they couldn't see through each other."—Chicago News.

## Ireland's Immunity From Crime.

I quoted the other day some facts from the Ulster Guardian showing on the authority of the judge's charges at the spring assizes, how free from crime Ireland has recently been. A Crown prosecutor now writes to me from Dublin, further pointing the moral by giving the exact figures. He shows that in 32 counties (excluding the cities of Dublin, Belfast and Cork, where crime was of a very normal type) there were only 138 indictments, mostly of a very ordinary character. This number works out at only four a county, or 35 to each million of the population. My correspondent triumphantly asks, "Do the records of any country in the world exhibit such immunity from crime?"—London Daily News.

## TAFT INAUGURATION INCIDENT

How a Young Man Played Sir Walter Raleigh at Washington.

A young Virginian went Sir Walter Raleigh one better on the day President Taft was inaugurated and gained the plaudits of the crowd thereby. He was accompanied by two young girls and was seeking to find some way of fording the slushy street that lay between them and the sidewalk on Pennsylvania avenue. Failing, he turned suddenly, seized one of his fair companions around the waist and waded through the blinding gaiter with her. Depositing her on the sidewalk, he paddled back.

"Don't you dare do it, you horrid thing!" shrieked the other one. "Grab her," yelled the crowd. "Don't let her get away. You're all right young fellow."

The young man did grab her, and she was borne, struggling, across the flood in a manner similar to her companion. The crowd cheered the gallant almost as lustily as they cheered Taft later. But it is a safe wager that neither of the girls ever will speak to the young man again.

THE WEATHER.

Washington, D. C., April 26.—For Ohio—Fair and warmer tonight and Tuesday.

SENTIMENT STRONG.

That the women of this city favor the right of suffrage for their sex is positively settled by the voting contest provided by this paper, and which ended Saturday night.

In the week of its duration seven hundred and sixty ballots were mailed or brought to this office, and of that number 730 voted "Yes" to the question, and 30 voted "No," making the majority in favor almost unanimous.

From information gained by investigation, the same preponderance of sentiment prevails not only throughout this county, but in every county in the state, and it is a sentiment, which, when fully concentrated will compel recognition from the state legislature.

The women of Ohio have done more in the last quarter of a century to bring about legislation for the home, the children, and for temperance than all other sources of power, and when they get the right of franchise, which is as certain to come, as that other legislatures will convene in Ohio, the finishing touches will be put on the existence of a government that is in the future of the state, but which are still allowed to live and flourish in some communities in the state.

The Times-Democrat congratulates the women who have expressed themselves in favor of the right of suffrage for women. Their votes will have great force in bringing to them their desire on this subject, and in the end will give them the power to kill such things as are now bringing untold suffering, misery and unhappiness into the lives of many of their number.

The result is but another step in the battle to prove that women really want the ballot, and when men are convinced as they must now be in this city, no barriers will be raised against granting it, except by those whose business it is to bring unhappiness into the world through dispensing strong drink—the chief source of all misfortune and sorrow.

There will be a scramble this week at the big cut price sale on ladies' and misses' suits at Light & Conner's.

What a fine thing for even the most timid to consider voting in the state!

1111 This being the election time, a strange thing is witnessed. The mounds are scarce but very low in price.

1111 A woman who has too much flesh to be stylish can take some of it off in her efforts to appear in a mode during the heated term.

1111 It will cost the magnates who own the National and American League teams just \$211 25.00 railroad fares for the season of 1909.

1111 Robert J. Wilson, the popular starting judge, while in California during the winter for his health, purchased Nutwood Wilkes, a famous sire, and now has him at Spruce Lawn Stock Farm near Springfield.

1111 The city newshoppers have been guests quite frequently at the Y. M. C. A. rooms, and last Saturday night they again enjoyed the pleasures of the games, and the shower bath arrangement of the building.

1111 Forty of the little fellows attended the gathering, and they had an excellent time with all sorts of athletic games and exercises which are so dear to the boy who enjoys all boyish sports. Something good to eat followed the sports, and Mr. Shepard, who acted as directors of the evening was voted a royal host by the boys.

1111 Patients from neighboring towns at the city hospital are improving rapidly and among these is Fidelis Johnson, of Delphos, who has been treated for an injury to his eye, caused by a piece of steel striking the eye ball. So careful has been the treatment that young Johnson will not lose it and it is possible that the sight may be restored also.

1111 Mrs. O. W. Louder, of Wapakoneta, is another out of town patient who is making a rapid recovery and the operation on Thursday for the removal of a tumor and for threatened appendicitis seems to be an entirely successful one.

1111 A contract for a new department store building to be erected by the Deisel-Wenmer Company has been let out to town contractors, T. R. Sleimers of St. Marys, and N. A. Lev. of Minister, signed the contract Saturday for the erection of the building.

1111 A very quiet wedding took place Saturday night at eight o'clock at the residence of Rev. A. W. Ballinger, 221 south Metcalf street. The young people who required his services were both from Shelby county and were Miss Carrie May Block and Mr. Vernon V. Gillespie. They will, however, reside in this city, and will immediately to their newly furnished home at 309 Calumet street, at the close of the ceremony.

1111 Cards were received by friends in this city, today, announcing the marriage in Chicago of Hazel, daughter of Mrs. Eleanor White, to Mr. Fred Ellsworth Gifford, April 15th, and that they will be at home after June 1st, 243 east Forty-fourth street.

1111 Mrs. White and her daughter resided in Lima for several years and both have a wide circle of admiring friends who will extend Mrs. Gifford their sincerest congratulations and well wishes.

1111 The Park-Davis company, of Detroit, shipped 20 head of big healthy horses from Decatur, Indiana, Saturday, to be used in the making of anti-toxin. The horses were without a blemish. The company buys practically all their horses, for inoculation with the diphtheria germ, in that section, claiming the horses raised there are healthier than anywhere else in the United States.

1111 Mrs. Susanah Winter, of 306 east Wayne street, had the misfortune to fall yesterday evening and fracture

LABORER

James Marshall, who was employed at the new state hospital was brought to the city hospital a few days ago and died there last evening. Little is known of the dead man beyond the fact that he claimed Cleveland as his residence and that two brothers are said to live at Germantown, Pa. Eckert and Son, who have charge of the remains are endeavoring to locate the brothers and find what disposition of the dead man is desired.

1111 Will deliver two addresses at the Spring Street Lutheran church. This evening the subject will be "The First Hell of the Bible." Tuesday evening the subject will be "The Second Hell of the Bible."

1111 Mr. Johnson is a deep thinker and an earnest Christian Bible student, and it is his desire to assist all of the Lord's people to a better understanding of His Word, that they may be able to stand (not stumble) in this "evil day."

1111 Any so fortunate to hear him will have their faith in the inspired word of God greatly increased and go away feeling that the time was well spent, as much new light will be thrown on its sacred pages. Unadmissional. Seats Free. No collection.

WRIGHT PULLS OFF NEW STUNT.

Rome, April 26.—Wilbur Wright made a series of successful flights here today with the aid of a derrick of rails. The machine was propelled over the grass by its own power and at the end of 150 yards the machine left the ground and sailed into the air.

HOW TO GAIN HEALTHY FLESH.

Wm. M. Melville Advises Use of Samose.

While, disease may not be a disease, yet it is in reality a condition that needs attention. Under the nourishing power of Samose healthy natural flesh will soon be attained.

This remarkable flesh-forming food strengthens the system generally and builds up the fleshy tissues so that good, natural plumpness results.

An ounce of flesh is better than a pound of theory. Wm. M. Melville believes that the best possible demonstration of the flesh-forming powers of Samose is to have it tried by his customers, and to induce them to use it, he offers to pay for the Samose in case it does not give satisfaction. No stronger proof than this can be given of his faith in it.

He has seen hundreds who were weak, thin and scrawny, become plump, robust and strong, solely through the use of Samose.

If you are thin or in poor health, take advantage of this offer. You run no risk whatever, and the chances are 98 out of 100 that you will notice a gain in weight after using Samose for a week or ten days.

DETECTIVES TRY TO TRAP HIS WIFE

But She Proves to Cunning to Fall Into Trap They Baited.

Mercer, Pa., April 26.—On the eve of his trial for the kidnapping of Willie Whittle, James H. Boyle is on the verge of a nervous breakdown. Plans to free him from jail having failed, Boyle has become despondent. This morning two detectives visited the jail, and had a talk with Boyle in an endeavor to secure evidence to bring about the arrest of Boyle's accomplices. They told Boyle that he was "all in," and might as well tell who his accomplices were. He refused to talk and the detectives then went to Mrs. Boyle. When the detectives reached Mrs. Boyle's cell they told her that they had just had a talk with "Jimmy" and that she might as well tell her story.

WESTON FALLS BEHIND SCHEDULE.

Lincoln, Ill., April 26.—Edward Payson Weston, the pedestrian, was compelled by bad weather and by a temporary indisposition, to rest here all day yesterday. He is now two days behind his schedule, although not that much behind his original schedule. He left here this afternoon for Springfield.

CASSIDY TAKES OATH OF OFFICE.

Washington, April 26.—James Cassidy, recently elected as the successor of Mr. Burton, of Ohio, from the 21st congressional district, was sworn in immediately after the house convened today. Having been largely instrumental in the nomination and election of Mr. Cassidy, Mr. Burton was in the chamber to witness the proceedings.

Mr. Cassidy met with a hearty greeting from the members, most of whom knew him personally because of his long service as clerk of the house committee on rivers and harbors.

REAR ADMIRAL MILLER IS DEAD.

Newark, N. J., April 26.—Rear Admiral Joseph Nelson Miller, U. S. N., retired, died at his home in East Orange, today. Rear Admiral Miller retired from active service in November, 1908, after an active career in the naval service. Born in Springfield, Ohio, 1843, he was graduated from the naval academy at Annapolis in 1866 and served with distinction throughout the civil war.

SIXTH ANNIVERSARY

Of Installation of Order Will be Celebrated by Eagles.

OCCASION WILL BE CELEBRATED Tuesday Evening and Twenty Candidates Will be Initiated.

The members of the Lima Aerie of Eagles, No. 370, are always up and doing, and tomorrow evening they have a great celebration, in honor and commemoration of their sixth anniversary as an Aerie. Six years old does not sound very far advanced, but the fact that during that time the Aerie has grown from a small membership up to the 500 mark, speaks well for the enthusiasm and liveliness of the order.

During the half dozen years since the organization of Lima Aerie, business men, men of influence and of affairs have been added to the roll of members, and the fact that the state convention comes here shortly is another favorable indication of the work and growth of the Aerie.

Preparations for this big event are daily assuming more solid shape, and the committee of citizens which are working for the Eagles and also the Voluntary Firemen's convention, are meeting with splendid success. Other orders which have held conventions here have been more than pleased with the entertainment, accommodations, etc., and the Eagles are planning such elaborate effects that they expect to exceed all previous entertainers of their order in the state.

At the meeting tomorrow night which will be in the Wise building, twenty candidates will be initiated, and following the initiatory work there will be a social session, with Dutch lunch, speeches, etc., and they will endeavor to make one and all have a pleasant time.

There will be a scramble this week at the big cut price sale on ladies' and misses' suits at Light & Conner's.

MR. BAYARD DOMINICK, JR., AND MR. HENRY CAMPBELL WITH LIPS AND LICENSES, JUST MADE.

New York, April 24.—Some idea of just how plentiful Theodore Roosevelt will find the game in British East Africa may be gathered from a letter received in New York from the jungle region, the writer being a well known young New York sportsman, Bayard Dominick, Jr., who with Henry Sampson and Hubert Litchfield is now hunting big game in the region in which the Roosevelt party expects to begin boring holes in elephants, lions, rhinoceroses, hippopotamuses and all sorts of other wild animals during the next few days.

Mr. Dominick writes that he and his two friends have met with great luck so far, the three having shot 110 head of game. Going up on the train from Nairobi they saw from the car windows "no fewer than ten giraffe, innumerable zebra, antelope and ostriches."

Each of the party has shot two rhinoceroses, one lion and one giraffe, and Mr. Litchfield got a hippopotamus.

"The weather has been splendid," Mr. Dominick writes, "the nights varying between 36 degrees and 50 degrees, and averaging around 42 degrees. At noon the temperature was around 96 degrees to 106 degrees, but it did not seem as hot as that sounds. We have just completed a walk of one hundred miles in four days, so you can see how fit we are."

According to the writer, individual tents, with a hot bath and a personal servant to look out for one, are absolutely necessary in order to keep in good shape during such an expedition.

THE MISSION OF THE ALLEN COUNTY TUBERCULAR SANATORIUM.

Unless the people of Allen County cease in the mad whirl of business to contemplate what she is doing outside of purely individual interest, she cannot fully appreciate what she is doing to further the interest of the general public. The Infirmary, the Children's Home, The Insane Asylum which was achieved for Allen County by Allen County energy—the City Hospital, which in years to come will need further enlargement, for she is drawing from adjacent counties and which should stand as an Allen County institution instead of being cared for entirely by our capital city. Last of all comes the Tubercular Hospital, and not one of the number are more important than the last. The world loses annually from consumption 1,000,000 people. Of this number the United States loses from 150 to 200 thousand. Of this 150,000 Ohio loses 20,000. Of this 20,000 Allen County loses—if she can be considered an average county simply—over 200 people. This devastation of human life has been going on for the world over for the want of knowledge concerning the cause of the affection. However, in 1882 Koch, the German scientist and bacteriologist, made plain the cause—a minute germ. So the problem is coming down to a working basis and it is now fully understood by physicians that if an effort is made, consumption can be made a member of the diseases that have been to a great degree eradicated and many cases that are in existence can be cured if taken in time. The first essential is an institution where the many of the cases can be taught and taught with an effectiveness that will carry conviction to the minds of the people—where actual demonstrations are made that consumption can be cured. There any body can come and see with their own eyes—aided by lenses—the little germ that causes the disease. Anybody can know that the special group of germs he beholds comes from a certain individual. If he is in doubt about whether they cause the trouble, some of the sputum from the afflicted individual can be given to a rabbit or guinea pig, and soon they begin to decline and die from exhaustion. The secretions from the dying or the tissues from the dead guinea pig or rabbit will show the same kind of germ. To simplify the fight it is essential that all depots of infection in Allen County be sought out and steps taken to discontinue the scattering of the seed. Bring to the attention of the afflicted the absolute necessity of caring for himself—appealing to his selfishness if he cannot be reached in any other way. Every time he spits on the floor, in the yard, anywhere, he scatters seed to be inhaled by himself as well as others and the greater number of the germs he has or inhales, the better chance he has for dying. For it is a fact recognized by experts in consumption, that from 40 to 70 per cent of all Americans have the germs, lying within them, gleaned from individuals here and there who are the distributors.

Most of this per cent of our people who have the germs have adequate resistance to withstand their presence and still continue in such a degree of health as to feel well; but should any exhaustive disease make emerge from that profound degree of exhaustion, germs of tuberculosis consumption through weakened tissues will have so far fastened themselves for a permanent abode as to be eradicated with difficulty.

There has been much written and this much has been read by a few out of our inhabitants and a possible interest taken, but the subject is worth more than simply an interest. The fact of slavery would have been an institution of the west by this time, so strong as to defy interference, if an interest only had been taken by the north. Action is demanded now against an enemy more formidable than the enemy our fathers fought in 1861. The war against consumption and slavery caused a loss of life in four years of 175,000 people. The enemy we are called upon to fight now kills that many in our country every year. Are we going to sit down with our hands up and say we can do nothing. No—we know too well the spirit of Allen

BUILDING A BIG GERMAN BATTLESHIP

SHIPWAYS IN THE SHIPBUILDING YARD AT KIEL

In this rather unusual picture a big German battleship is seen in the very early stages of its construction. It is shown put together in one of the great shipways in the Germania shipbuilding yard at Kiel, some five with the work.

The Germania yard at Kiel is a part of the Krupp business, and in it from 4,000 to 7,000 workmen are employed.

## UNSIGHTLY OTTAWA

Might be Turned Into Beauty Spot and Pleasure Resort.

## GOOD EXAMPLES IN OTHER CITIES

And Comparatively Small Outlay of Money Would be Necessary.

Dayton is noted for its lakes, both of natural scenery and various aids to nature. One of the most beautiful attractions of the city is the large lagoon, which in summer months is dotted with boats, in the winter with ice, and which affords more pleasure to the inhabitants of the city than any other bit of water in the city contains. Although few people took the time to inquire how the lagoon came to be there, taking its existence for granted and looking no further, it is a fact that a dam across the Mi-

ami river, spreading the waters above into an artificial lake turned a place of ugliness into one of beauty is overlooked by many.

Over at Wapakoneta already the pleasure boats are skimming over the large stretch of water which affords attractions to all the residents of the little city and gives it the appearance of a summer resort. The body of water, its banks dotted with boat-houses and its surface with boats of pleasure seekers was made simply by using the waters of the Auglaize which would otherwise have summered in a little two by four streamlet between its banks, growing sluggish and an annoyance to all who looked at it.

A good many people are wondering why something similar could not be done with the Ottawa river or Hog Creek, give it either name you wish. Last year, and in fact every year, it was hard to find the water in the river. The channel cut some years ago right in the center of the river bed was filled with a little trickling stream of dirty, polluted water, which did not half cover the natural bed of the river. In some places there were black brackish looking pools, in others practically no water at all.

If a dam, say five feet in height, were constructed near the Shawnee road bridge, the water would fill the entire channel back beyond the city limits, and give us something decent to look at as well as a place to spend many happy hours. The objection that the sewage goes into the river and would necessarily contaminate the lagoon which would result from

the damming of the waters, is one that was met and overcome by the examples given above of Dayton and Wapakoneta. These have been in existence for years and no complaint has ever come that any odor, any slime or any disagreeable feature of any kind has resulted from the containment of the waters.

Another objection might be made: that waters would rise and flood the town in case of a freshet. This has also been met and overcome by the statement that the water rises just so high and then spreads. The ground which would be covered by the lagoon would be ground that is waste land anyway. A five foot dam would make practically no difference in the rising of the water in the Ottawa river in time of flood, and beside, the dam, if built, would probably have sluice gates so that these could be opened both for floods and also for the purpose of changing the water in the lagoon.

## WIFE SEEKS DECREE

Of Divorce on Grounds Extreme Cruelty, Gross Neglect.

JOHN WILLIAM'S PARTITION SUIT.

Commissioners Hold Final Hearing of Harrod Ditch Case.

Nancy E. Swygart has filed suit for divorce from her husband, James, in which the petition states that they were married March 1, 1878, and that two children, now 14 and 9 years of age, were born to the union. She alleges that the defendant is guilty of extreme cruelty in the fact that he has at various times beat her and knocked her down and threatened to kill her. She charges further that he has been guilty of gross neglect of duty and has failed to provide for her and their children. He asks for a decree and reasonable alimony.

John R. Williams has filed suit in partition against Elizabeth W. Griffiths and others, involving 42 acres of land in Sugar Creek township, which is owned jointly by the parties.

The county commissioners are in session today, holding a hearing on the engineer's report on the Johnson ditch in Harrod, and expect to finally dispose of the case, which is an application for a change of route.

In probate court, Kenneth Rogers, 7 years of age, was given a hearing in epilepsy, before Judge Hutchison, and an application has been filed for his admission to the Gallipolis hospital.

Dorle Marshall, 23, and Lucile Rose Agner, 20, both of Lima, and David Columbus Hogan, 22, of Lima and Katie Alberta Eastman, 22 of West Newton.

In the case of the city of Lima vs. C. L. Sisson, the jury returned a verdict of not guilty in mayor's court Saturday. The defendant was charged with conducting a house for immoral purposes in the Applas block on west High street, and fought the charge through her attorney, L. H. Rogers.

James Patton, who entered a plea of guilty to the charge of assault, filed by Harry Hams, night watchman at the C. H. & D. shops, was sentenced to thirty days in the Toledo workhouse. Patton and an unknown companion were seen prowling about the C. H. & D. grounds, and were given orders to move on. Patton assaulted the watchman and made good his escape until the following day.

John Anderson, John Enlinger, M. Sullivan, John O'Harry and William Barr were each assessed \$1 and costs for drunkenness. John Eyster entered a plea of guilty to the same charge and was fined \$10 and costs and sentenced to 10 days in the Toledo workhouse. The sentence was suspended upon condition that the defendant leave the city and remain away.

**Accident.**

At the home of Mrs. A. S. Bennett, 1111 E. 12th st., a painful and peculiar accident occurred last night. The lady, who is 65 years of age, was sitting in her room when she suddenly fell from her bed. She was found by her daughter, who called for help. The accident was caused by a sudden spasm of the muscles of the back, which caused her to lose consciousness. She was taken to the hospital, where she is now recovering.

**GIRLS ESCORT**  
**HER TO SCHOOL.**

New York, April 26.—Because of a threat against the life of the young girl, a party of girls from the public school in the Bronx escorted her to school today. The girl, who is 14 years old, was being followed by a man who threatened to harm her. The girls, who were from the same school, saw the man and decided to protect their friend. They accompanied her to school and then returned home.

The William Shakespeare Signature That Admiral Luce Had.

Admiral Luce was in command of the north Atlantic squadron in 1885, and his flagship for a time was anchored in New York bay, where it was visited by many people. One day a party came aboard which included, among others, a very pretty girl and a very distinguished and learned Englishman. At this the distinguished and learned Englishman pricked up his ears and remarked that he had made a study of the autographs of Shakespeare and was positive there was no authentic example in America. Admiral Luce replied that he was very positive his was authentic and that his guestness had never been questioned. This made the Englishman quite mad, and he delivered a lecture on the fraudulent autographs and manuscripts that were brought over to America and exhibited as originals.

**EXPERIMENTAL MARRIAGE.**

Among many people of the world the marriage is the accepted one. Among the Greeks, marriage is considered only as a temporary convenience, not binding on the parties more than one year. The consequence being that a large proportion of the old and middle aged men by frequent changing have had many wives, and their children, scattered around the country, are unknown to them. Evidence of similar practices of experimental matrimony and consensual unions are found among many of the American Indian tribes on both continents.

**THE MAY CENTURY.**

The May Century has fiction a plenty—the last chapters of Alice Hagan Rice's novel, "Mr. Opp," and stories in which humor is the dominant note by Mary Heaton Aileine Knapp, and W. Albert Hickman—but leading place is given to Thomas Nelson Page's story, "The Old Planters," a tale of a quaint old hostility in Virginia, and of the quiet old aristocrats who played host, and of the greatest American dramatist, the guests who came and went.

**THE BIRTH OF CHRIST.**

The exact date of the birth of Christ is unknown. Among the early churches there was no agreement as to the date of the Nativity, some celebrating it in April or May, others in January. Dec 25 can hardly be exact for it falls in the rainy season of Judea, when shepherds would not have been watching their flocks by night in the open. The December date came into general observance naturally, but gradually. When the heathen gods of the north were Christianized they simply substituted for their deity celebration in December the observance of the birth of Christ.

**Here's the Proof**

Two of the most famous men of the world, who had lost their hair, used Wyeth's Sage and Sulphur Hair Restorer. The first of these men was a man of the world, who had lost his hair, and the second was a man of the world, who had lost his hair. Both of them used Wyeth's Sage and Sulphur Hair Restorer, and both of them grew a full growth of hair on a bald head.

**MONEY LOANED AT 6 PER CENT**

For buying or building homes and for purchase of farms with privilege of paying off at any time. No interest charged beyond date of paying off loan.

A new form of loan has been adopted whereby the privilege of reducing the principal monthly is granted the borrower. The many who have already obtained money from THE LIMA HOME AND SAVINGS ASSOCIATION under this new plan, highly endorse it, because every payment made is so divided in the pass book as to show how much is used for interest and how much to reduce the principal. There is also a column showing every time a payment is made, how much of the principal is unpaid. A plan so simple as this will commend itself to every borrower. May we not have the opportunity of discussing our plan with you.

"President Taft likes golf, and he plays a fairly good game," said a Chevy Chase caddy. "A fairly good game, at least when he is in form." "He was out of form one day when he played here. He was just back from Cuba, and I guess the voyage had upset him. After some pretty bad work on the first two holes, he said apologetically to his caddy, a stranger from the east: 'I'm certainly out of form today. I've been on a sea voyage, you see. It must have upset me.'" "Played before, have you?" said the caddy. "Washington Star."

Choice Wool Remnants, black and colors 2 to 6 yd. lengths, at half price.

## Raincoats Specially Priced at \$1.95 each.

We are closing out our entire line of Women's Cravenette and Silk Raincoats. Every woman needing an auto or rain coat should look into these values. They would make good coats for driving, too. There are just 15 coats left in stock—9 or best quality London Cravenette, mostly grays, in semi-fitted or loose styles, all sizes, and worth regularly \$16.50, \$20.00 and \$22.50 each; 6 of Rubberized Silk in black and colors, all new models, all sizes, worth regularly \$12.75 each; to close them out we offer the entire lot of \$7.95 for choice.

## The New "M" Waists for Children.

Our new "M" Waists and Waist Union Suits for children are here. These Union Suits are three garments in one—shirt, pants and waist, making a complete undergarment with one weight, and at one price. The taped buttons meet the approval of all mothers as they admit of several garments being fastened to one button.

"M" Union Suits of white knit cotton, taped buttons, all sizes, 50c.

"M" Waists of white knit cotton, taped buttons, 1 to 12 yr. sizes, 25c.

"M" Waists, well taped, sewed buttons, 1 to 12 yr. sizes, 15c, or 2 for 25c.

## In the Wash Goods Department.

A better line of Wash Fabrics can not be found anywhere than we are now showing. The styles and colorings are all that could be desired. Many new designs in beautifully finished fabrics confront you at every turn in this dept. We want you to come in often and see the new things as they arrive. Something new every week. The values are better, too, than you have seen for many a long day.

25c Dress Gingham, pretty, sheer fabrics in fifty different styles and colorings, extra fine quality, are now on sale at 17c the yard.

Egyptian Cambrics, new styles, light and dark colors, 36 in. wide, at 12 1/2c yard.

Father of Boy He Has in  
En Route to Secure  
the Child.

San Francisco, April 26.—Facing a three cornered fight, with legal battles impending in New York City, St. Louis and this city, including in the last an indictment for grand larceny in connection with a political article, Earl Brandenburg, a double matrimonial entanglement and a contest for the possession of his small stepson, James Cabanne III, of St. Louis, Earl Brandenburg, the newspaper writer and magazine writer, who was arrested here Friday night, is spending his time in the city prison, preparing for the fray.

He declares he will resist extradition to New York on the grand larceny charges on the advice of his attorney, that he will make a fight for the possession of the Cabanne boy whose father is on the way here to get the child, and that the courts must decide the matrimonial mix up which involves a marriage in Honduras and a divorce suit in St. Louis.

In regard to the latter phase of his predicament the writer explains that Mrs. Cabanne, the mother of the boy who he claims as his stepson, went with him to Central America where she obtained a divorce and they were married. Mrs. Brandenburg's former husband has a petition for divorce pending in the St. Louis courts.

Mrs. Brandenburg has telegraphed Brandenburg to do all in his power to hold her son in San Francisco.

## DANCING CARNIVAL

Will be Given at Auditorium

Next Friday and  
Saturday.

### VARIED PROGRAM WILL BE GIVEN

By Members of Children's  
Class Under Direction  
of Mr. Faurot.

To those who love the grace and rhythm of the dance carnival which has been arranged by Mr. Lee Faurot and which will be given at the Auditorium on Friday evening, April 26th and Saturday afternoon, May 1st, will strongly appeal.

Mr. Faurot has had large classes during the winter season and especially have the children done well under his direction. The carnival will demonstrate the variety, the beauty and the gracefulness of the different dances, and the thoroughness of the training of the little folks.

Elaborate decorations will be a part of the carnival which promises to be one of the prettiest things ever given here. The entire program will be given as follows:

Orchestra Number—Harry Fockler, Joe Corwin, Herbert Frankie, Joe Coulton, Arnold McClintock, Serge Fockler, Chas. Crockett, Jr., Warren Catt, Joe Goding.

II Skirt Dance—Beatrice Frankie, Hannah Kaplan.

III Straight Jig—Warren Catt, Fred Robinson, Chas. Crockett, Donald Sullivan and Geo. Hinkley.

IV Highland Fling—Sadie McDonald.

V Fairy Dance—Josephine Garrett, Mildred Jones and Corenty Platt.

VI Umbrella Dance—Ruth June, Lois Simpson, Helen Thompson and Dorothy Collins.

VII Song and Dance—Edward Stoltenbach, Warren Farmer, Dudley Henderson, Harry Horner, Elmer Cuttin, George Harrison, Ben Motter, Frank Hume, Clarence Critter, Virgil Critter, Donald McHaffey, Donald McDonald, Norbert Kauffman and Walter Rowlands.

VIII Grand Mammas and Me—McVeyburn.

IX Spanish Dance—Helen Becker and Lillian Beall.

X Buck and Wing—Donald McDonald, Frank Hume and Clarence Critter.

XI Rose Ballot—Lenore Sable, Beatrice Thompson, Marion Hinkley, Marie Ten Brook, Helen Wenner, Elizabeth Wenner, Elizabeth Newson, Elizabeth Brice, Leonard House, Opal Ackerman, Marjorie Burgess, Lulu Kerstetter, Mary Stoltenbach, Zoe Cahill, Francis Wright, Mildred Gensel, Edith Lichtensacker and Loreta Seward.

XII Sword Dance—Sadie McDonald.

XIII Skip Rope Dance—Violet Bradley.

XIV Waltz Old—Harry Fockler.

Quality Clothes.

MICHAEL'S,

203-207 N. Main Street.

Quality Shoes.

As you have probably noticed, most shoes have a tendency to wrinkle and "bunch up" across the toes after the shoes have been worn a few times. This is the fault of the lasting (the process of pulling and stretching the leather over the wooden last).

The RALSTON method has remedied this fault. Ralston vamps are first crimped (see illustration), then lasted. There are no bunches, no wrinkles, because every part of the vamp fits the last perfectly without straining the leather at any point. This adds to the wear of the shoe. It also explains the reason why Ralstons retain their smart appearance until worn out.

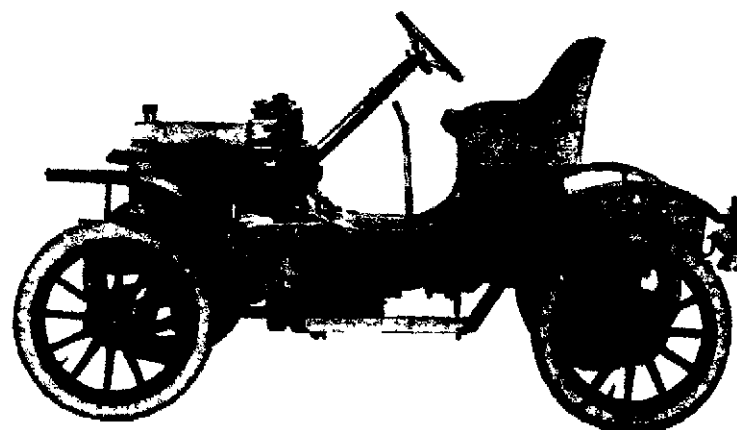

There are other unusual features of RALSTON SHOE construction which will appeal to you. Come in and look over our new styles.

Found only in Lima at

# MICHAEL'S,

203-207 North Main Street.

## WAPAK ELKS

### Meet Tonight to Discuss the New Lodge.

So many residents of Wapakoneta are members of Lima Lodge No. 56, H. P. O. E. and it is so inconvenient for them to attend the meetings in this city as often as they would like to do that a movement is on foot to separate from the Lima lodge and form an independent organization at Wapakoneta.

For this purpose the members at Wapak are going to hold a meeting tonight, and discuss the advisability of an organization. Between 60 and 70 men from that city are registered on the roll here and there are a number more who are desirous of joining the lodge, had they a hall and organization in their own city.

## GIVEN IMPORTANT WORK TO CARRY

Out by State Convention  
Which Just Closed in  
Cincinnati.

Mr. F. A. Thomas and W. E. Booth returned yesterday from Cincinnati where they had been in attendance at the state convention of the Travelers Protective Association. The convention was a very successful one and many matters of importance received attention. Mr. Thomas was honored by being elected as state director and Mr. A. D. DeVoe and

W. E. Booth were elected delegates to the national convention to be held in Asheville, N. C. the week of May 31st to June 5th. Mr. W. E. Ireland was elected an alternate to this convention.

Mr. Elmer Hay, of this city, was also elected to the important position of chairman of the state committee on good roads and deep waterways. The local organization is composed of seventy-five of the prominent business men and commercial travelers of our city, and so will be seen from the above they are bringing Lima to the front in the commercial circles of the state and nation.

If price is any object, our ladies' and misses' suits will go a kiltin' this week. No adding at the Light & Corner store.

## FORMER RESIDENT.

### Mrs. Dugan Died Yesterday at Dayton.

Mrs. Mary Fitzmaurice, of 747 North Main street, has received the sad news of the death of her sister, Mrs. Marguerite Dugan at Dayton, Ohio.

Mrs. Dugan formerly resided here and has many friends and acquaintances in the city. She passed her girlhood days here, being the daughter of Matthias Conway of East Findlay street who passed away some time since. Mrs. Dugan has been suffering with dropsy for a long time, and her death was not unexpected. Beside her sister, Mrs. Fitzmaurice of this city, she leaves three children also known here. These are Charles Dugan, inspector of the Dayton water works; Thomas Dugan, a Cleveland salesman; and Mrs. Eugene Belden of Dayton.

The funeral will be held from the Holy Angels church in Dayton and interment made at Calvary cemetery.

If price is any object, our ladies' and misses' suits will go a kiltin' this week. No adding at the Light & Corner store.
